SANTIAGO SANTOS BANTE

ssb11022002@gmail.com|Puebla, Mexico|+52 971 185 9554 |https://www.linkedin.com/in/santossanb | : sansantoss

Proactive, organized, and creative Software Engineer with strong interpersonal skills and a passion for continuous learning. Skilled in software development, AI, and web technologies, with demonstrated leadership in student organizations and community projects. Adept at managing complex projects, collaborating in teams, and solving challenging problems.

EDUCATION

B.S Computer Science and Technology Instituto Tecnológico y de Estudios Superiores de Monterrey
Puebla, Mexico | 2021- 2025
Current GPA: 94.58/100

Exchange Program in Industrial Mechatronics FH Joanneum University of Applied Sciences
Graz/Kapfenberg, Austria | 2024 – 2025

SKILLS & CERTIFICATIONS

Programming Languages: C++, Python, Java(intermediate).
Web Development: HTML, CSS, React, Node.js, MySQL, APIs
Data Science & AI(Beginner): ResNet, Deep Learning.
Software Development: Object-Oriented Programming (OOP), Data Structures, Git (Version Control)
Tools & Frameworks: OpenGL, Mesa, Swift (Basic), Matlab (Intermediate)
Soft Skills: Team Communication, Leadership, Project Management, Adaptability, Flexibility, Creativity & Innovation.

LANGUAGES

- Spanish (Native)
- English (Proficiency)
- German (Intermediate)
- French (DELF A2)

PROJECTS

ResNet-Based Disease Detection | FH Joanneum, Austria 2025

- Trained a ResNet (Residual Neural Network) to detect anomalies in medical images (OCT).
- Utilized Python, TensorFlow, and Keras to improve classification accuracy.
- Preprocessed large medical datasets and compared the use of Transfer learning against a custom CNN.
- Presented the project in a fair.

Web Page for "Expo Ingenierias" |ITESM campus Puebla 2024

- Designed and implemented an efficient and responsive website for the Expo-Engineering event with 4 user interfaces and flow.
- Database manipulation locally and in Oracle Database, CRUD functionality, and user administration.
- Played a key role in creating crucial documents such as the Software Requirements Specification (SRS), UML diagrams and the correct use of software design for a project.
- Worked in a team using Github (branch management and tests)

Multiagents and Computing Graphics using Mesa and OpenGL|School Project 2023

- Developed two separate implementations using Mesa and OpenGL for the graphics.
- Integrated both into one solution with a Wrapper.

Syntax Highlighter|School Project 2022

- Created an application to analyze C++ source code files.
- Utilized regular expressions to identify lexical categories within the code.
- Converted identified categories into HTML and CSS output.
- Implemented the solution using the Elixir programming language.

EXTRACURRICULAR ACTIVITIES

President and Cofounder of CYBERNATION (Academic Student Group) 2024 ITESM Puebla

- Vigilantly enforced the group's strategic work plan, making informed decisions to optimize its functionality. ● Spearheaded public relations efforts, extending invitations to key authorities to participate in the group's projects and activities. ● Diligently submitted participation metrics to the Directorate of Student Groups.

Volunteer APP PRONAII 2023

IMSS | Instituto Tecnológico y de Estudios Superiores de Monterrey

- Develop a Game Dialog Interface using Unity for a mobile application designed to address leukemia in pediatric patients.

Vice-president of Electronic recycling students group (RECICLA IT) 2022 ITESM Puebla

- Effectively filled in for the President when necessary to ensure uninterrupted operations and managed the effective communication among the members
- Ensured timely completion of activities outlined in the work plan.

President of CSTD Chair at Model of United Nations (MUNTCP) 2020 PrepaTec Puebla

- Led the CSTD delegation with diplomacy and strategic vision.
- Facilitated discussions on key issues within the realm of science and technology for sustainable development. ● Orchestrated collaborative efforts among committee members to draft resolutions and policy recommendations.
